## LITTLE NEWS

From the Seat of War

### THE RETREAT STILL GOES ON

**Russians Have Abandoned Their Position Twenty Miles North of Liao Yang.**

#### HAS KUROPATKIN ELUDED THE JAPS?

St. Petersburg, Sept. 7th.—The St. Petersburg authorities to-day express themselves as confident that the critical stage of the Russian retreat is passed and that Kuropatkin is no longer in danger of losing any part of his force to the pursuing Japanese. It is also given out in St. Petersburg that the bulk of Kuropatkin's army is now near Mukden where it is taking up prepared positions, but a despatch to the Associated Press from Mukden filed yesterday says that the main Russian army was then pushed northward and evacuating Mukden. While details of the situation are lacking, despatches indicate that the Japanese are still harassing the Russian rear. Gen. Kuropatkin is now at Mukden. Tokio preserves an absolute silence regarding the operations of to-day and yesterday.

#### RETREATING OPERATIONS HAMPERED.

St. Petersburg, Sept. 7th.—From the latest advices received by the war office the authorities now believe that the danger of Field Marshal Oyama cutting off General Kuropatkin has practically passed. According to their calculations the whole Russian army should reach Mukden to-morrow night. Generals Kuroki and Kuropatkin have been marching northward along parallel lines, both armies being hampered greatly by heavy roads, the Japanese in a rough region and the Russians along a flat country.

#### LITTLE NEWS FROM THE FRONT.

St. Petersburg, Sept. 8th.—The general staff is not displaying great anxiety over the alarming reports that Gen. Kuropatkin is in serious danger of being cut off, but if they had any information from the front Wednesday they have not revealed it and they also decline to say even if they know whether Kuropatkin purposes taking his army north of Mukden.

#### RUSSIANS STILL RETREATING.

Tokio, Sept. 8th. No official report of the subsequent movements of Gen. Kuroki has been received but the Kodumen says it is learned on good authority that Kuroki after taking the heights near Hei Yeng Tai occupied a line from Yentai to the mines.

By the hot pursuit of the Russians on Sept. 4th and 5th the Russians who were said to be concentrated twenty miles north of Liao Yang are now retreating in the direction of Mukden. The pursuit was obstructed by the high water. The Russians destroyed their stores, but a number of guns and quantities of ammunition and supplies were captured in the fortifications and near the railroad station. The Nichi says it thinks the Japs' casualties may exceed those of the Russians, owing to the latter having occupied fortified positions in superior numbers.

### Frost and Snow

Duluth, Minn., Aug. 30.—Light snow fell at Virginia early this morning. Crops, flowers and garden produce were damaged in the country immediately surrounding Virginia and heavy frosts are reported from other western Minnesota range points.

## LARGE MANUFACTURER IN EDMONTON

H. Cockshutt, manager of the Cockshutt Plow Company of Brantford, Ont., and E. A. Mot, manager of the Winnipeg branch of the company's works left this morning for the south after spending a couple of days in the Edmonton district. They arrived Monday evening and Tuesday R.V. Bellamy drove them to Fort Saskatchewan, going down the north side and returning on the south side. The country looked best and both gentlemen were delighted with the harvest. They found the crops very superior. Barley and wheat were nearly all cut and oats everywhere ready for the binder and in many cases it is being cut. The visitors spent Wednesday around the city and were pleased with Edmonton's material progress. Messrs. Cockshutt and Mot are combining business and pleasure in their trip through the west.

# Steel Ranges

Ross Brothers, Limited, have Steel Ranges from \$30 to \$60. They have a first class full No. 9 Steel Range,

## Made in Canada

With Copper Reservoir, High Enclosed Closet, fitted to burn either wood or coal at \$48. This Range has an extra large fire box and is well suited for town or country use. We also have ranges without high closets very much cheaper, that have very large ovens, large fire places and are built especially for farmers use.

It seems absurd to us that Steel Ranges can be sold at prices nearly double what we are asking, that have not got nearly as many good points to recommend them as our \$48 Ranges. Our \$48 Range is heavier, larger both in oven and fire place,

## And we Guarantee

That our Castings will not warp out of shape nearly as soon as some of the much vaunted higher priced Cook Stoves or Ranges.

Why, you fit up a whole kitchen with us for nearly the price you are asked for a Cooking Stove or Range alone. We will convince you of this fact if you want a Range and will be pleased to show you the goods at our store.

## GRADING OUTFITS

Moving for West of Lloydminster.  
River Navigating

Albert Tait returned yesterday from Battleford after having successfully piloted Moore and Kennedy's rafts of finished lumber and shingles down the river. He was fortunate in getting through in the time he did as others who started about the same time have not been so successful. C. Beaupre with rafts of lumber shipped from Walters' mill arrived at his destination in safety.

When the party were at Paradise Crossing on their way home only three of the rafts for the Canadian Northern railway bridge at Battleford had passed the Crossing. These were piloted by Geo. Mackay of this city. Thirty or forty men were waiting the arrival of these rafts at Fort Pitt when Mr. Tait left there. About twenty men were also waiting at Paradise Crossing. The very low water in the river lately has interfered greatly with the navigating of these rafts.

Grading operations are being hurried forward. Grading outfits are now at work eighteen miles west of Lloydminster and three construction parties were passed on their way further west to work their contracts. One of these parties informed Mr. Tait that four other large parties were moving from considerably east of Lloydminster to about fifty or sixty miles west of Lloydminster. There is no reason to doubt this information which means that grading will be advanced well on to the Vermilion this fall. There are from fifty to sixty teams in each of these parties. Men and teams are reported to be very scarce.

## ACTION OF COUNCIL ENDORSED

## Jasper Avenue Proposal Also Endorsed

There was a good attendance at the public meeting held last evening in Robertson Hall to consider the proposed extension of Jasper Avenue and the proposed arrangement with the Grand Trunk Pacific for station grounds, shops and yards. The Mayor called the meeting to order and explained the purpose of the Council in undertaking the straightening and extension of Jasper Avenue. On motion of W. J. Webster the action of the Council was unanimously endorsed without discussion.

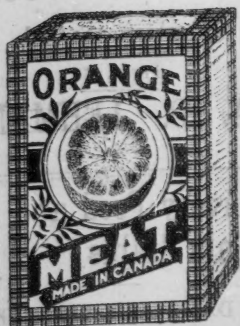

The Mayor then explained the position regarding the Grand Trunk Pacific proposals. The company intended that Edmonton should be on their main line and they did not intend or desire to hold up the town and they were not inclined to be held up by the town or the townspeople. They wished to locate station, shops and yards at Edmonton, and wished to locate them as conveniently as possible, but would not pay boom prices for land. For their purposes they needed a piece of land a thousand feet wide by a mile and a half long. They wanted the two blocks of the H. B. reserve lying immediately south of the C. N. R. yards. They had suggested that the town go on and get options on this property and submit them to the railway people at Calgary on their return

from the coast. The town had done so and had secured a number of options but at prices which staggered the Council and he believed would stagger the railway people. The railway company would not pay more than a fair price for the land, the difference between the fair price and the boom prices that were being asked would have to be made up by the town. If the difference were too great the town could not pay the price and would lose the shops and might even lose the railway. People who owned property in the blocks mentioned would injure the most vital interests of the town and ultimately of themselves by asking unreasonable prices for their property. The establishment of the chief interior divisional point on a great transcontinental railway at Edmonton meant the absolute assurance of the future of the place, and the establishment of that point elsewhere meant a continuation of the conditions under which Edmonton had suffered ever since the C. & E. was built.

After some discussion in which F. Oliver, W. H. Clark, John A. McDougall, John McLennan, C. Gallagher, Dr. McInnis, W. S. Weeks, W. J. Webster, Rev. Mr. Hagar and others took part, a motion by Mr. Webster, seconded by Mr. Hagar endorsing the action of the council in securing the option on the property in question was carried without dissent.

## SAW MILL ACCIDENT.

While Richard Maurice, a man of about twenty five years of age, was working with a slash saw in Fraser's mill early yesterday afternoon, he fell forward on it. His wrist was cut right through and his hand hung to his arm by a few tendons. The unfortunate man was at once taken to the General Hospital where medical aid was at once summoned. It was found necessary to amputate the arm half way below the elbow, which operation was successfully performed. He is now doing as well as could be expected.

## MADE BY HAND

I HAVE each Pharaoh cigar rolled by hand! I do this in order that the leaves that go into the filler may be properly placed, with the top towards the burning end of the cigar.

It also enables the packing of the filler to be properly done—you will find my Pharaoh will smoke easily and evenly from end to end!

I see that the materials are of the highest grade as well.

Cuban tobacco I myself select from the Manicureagua district, in the Province of Santa Clara, is the filler—the most expensive Connecticut Broadleaf is the binder, and a clear, beautiful Sumatra I import from Holland is the wrapper.

My Pharaoh makes a mighty good smoke for the money.

## The Society Woman

Though hurried and rushed in society's whirls,  
Her complexion is rosy and fresh as a girl's;  
Well she knows, though she dances far into the night,  
"Abbey's Salt" in the morning, will make her all right.

Society people recognize the value of ABBEY'S SALT as a health preserver and complexion beautifier. ABBEY'S SALT takes away the baneful effects of hasty, irregular eating—overcomes the ravages of late hours and bodily fatigue.

ABBEY'S SALT is a gentle, mild, yet perfect tonic laxative. It regulates the stomach and bowels—keeps the blood pure—the eyes bright—and the skin fresh and beautiful.

Abbey's Effervescent Salt  
IS NATURE'S BEAUTY DOCTOR

## Clothes Worth Knowing.

Fit-Reform Clothes improve on acquaintance. The more you wear them, the more you appreciate them. Every Fit-Reform Suit you buy clinches the argument of quality and value. It's not style alone, or good looks—not masterful tailoring or perfect fitting garments alone—that bring men to Fit-Reform.

It is because Fit-Reform blends all these essentials into a harmonious whole, that they are clothes worth knowing and buying.

### The Canadian Northwest Homestead Regulations

Any even numbered section of Do-  
minion Lands in Manitoba or the  
Northwest Territories, excepting 8  
and 16, which has not been home-  
steaded, or reserved to provide wood  
lots for settlers, or for other pur-  
poses, may be homesteaded upon by  
any person who is the sole head of a  
family, or any male over 18 years of  
age to the extent of one quarter sec-  
tion, of 160 acres, more or less.

ENTRY.—Entry may be made per-  
the district in which the land to be  
taken is situated, or, if the home-  
steader desires, he may, on applica-  
tion to the Minister of the Interior,  
Ottawa, the Commissioner of Immi-  
gration, Winnipeg, or the local agent  
for the district in which the land is  
situated, receive authority for some  
one to make entry for him. A fee  
of \$10.00 is charged for a homestead  
entry.

HOMESTEAD DUTIES.—A settler  
who has been granted an entry for a  
homestead is required by the pro-  
visions of the Dominion Lands Act  
and the amendments thereto, to per-  
form the conditions connected there-  
with, under one of the following  
upon and cultivation of the land in  
each year during the term of three  
plans:

(1) At least six months' residence  
years.  
(2) If the father (or mother, if the  
father is deceased) of any person who  
is eligible to make a homestead entry  
under the provisions of this Act, re-  
side upon a farm in the vicinity of  
the land entered for by such person  
as a homestead, the requirements of  
the Act as to residence may be satis-  
fied by such person residing with the father  
or mother.

(3) If a settler has obtained a patent  
for the issue of such patent, con-  
sidered by this Act, and has obtained  
entry for a second homestead, the  
requirements of this Act as to resi-  
dence prior to obtaining patent may  
be satisfied by residence upon the  
first homestead, if the second home-  
stead is in the vicinity of the first  
homestead.

(4) If the settler has his permanent  
residence upon farming land owned  
by him in the vicinity of his home-  
stead, the requirements of this Act  
as to residence may be satisfied by  
residence upon said land.

The term "vicinity" used above is  
meant to indicate the same township  
or an adjoining or cornering town-  
ship.

A settler who avails himself of the  
provisions of Clause 2, 3, or 4, must  
or substitute 20 head of stock, with  
cultivate 30 acres of his homestead,  
buildings for their accommodation,  
and have besides 30 acres substan-  
tiated.

Every homesteader who fails to  
comply with the requirements of the  
homestead law is liable to have his  
entry cancelled, and the land may be  
again thrown open for entry.

Application for patent should  
be made at the end of three years, be-  
fore the local agent, sub-agent, or  
Homestead Inspector. Before making  
application for patent the settler  
must give six months' notice in writ-  
ing to the Commissioner of Dominion  
Lands, at Ottawa, of his intention  
to do so.

Information.—Newly arrived immi-  
grants will receive at the Immigra-  
tion Office, in Winnipeg, or at any  
Dominion Lands Office, in Manitoba  
or the Northwest Territories, infor-  
mation as to the lands that are open  
for entry, and from the officers in  
charge, free of expense, advice and  
assistance in securing land to suit them.  
Full information respecting the land,  
timber, coal and mineral laws, as well  
as respecting Dominion Lands in the  
Railway Belt in British Columbia,  
may be obtained upon application to  
the Secretary of the Department of  
the Interior, Ottawa, the Commis-  
sioner of Immigration, Winnipeg,  
Manitoba, or to any of the Dominion  
Lands Agents in Manitoba or the  
Northwest Territories.

JAMES A. SMART,

Deputy Minister of the Interior.  
N.B.—In addition to Free Grant  
Lands to which the regulations above  
stated refer, thousands of acres of  
most desirable lands are available for  
lease or purchase from railroad and  
other corporations and private firms  
in Western Canada.

## LOCAL

—L. O. L. 1794 meet tonight in regular session in Unity Hall.

—Andy Coughlin and C. Moller left Edmonton Tuesday for the Jasper House where they go to investigate quartz prospects in that district. They were accompanied by D. McDonald whose pack team is at Lake St. Anne.

—Wm. J. Foster, graduate of Barnes' school of sanitary science and embalming, of Chicago, has entered into partnership with J. A. Appleby, undertaker. A branch office is being opened at Fort Saskatchewan.

—D. R. Wilkie, general manager of the Imperial Bank and Chas. Cock-shutt, one of the directors will reach Edmonton on Friday evening driving in from Wetaskiwin. G. R. F. Kirkpatrick went down to Wetaskiwin today to meet them.

—Free Press.—Trains will not be running on the C. P. R. Wetaskiwin branch this fall, as the rails will not be laid before the snow comes. The delay is due to the slowness of grading at Pipestone river where the contractors have struck two stone quarries and although blasting is in progress it will be a couple of months before this division of the grading is completed.

—John Lang, M. P. for East Peterborough, Ont., returned yesterday from a visit to Whitford in company with his nephew "Scotty" Lang of Strathcona. This is Mr. Lang's first visit to Edmonton and he is highly delighted with the appearance of the country. He is a practical farmer and is very much pleased with the appearance of the crops.

—The brick and stone work of the new Bank of Commerce building has been completed and a force of men are now at work finishing and the work will be carried out with dispatch. The building which is 40 x 50 has a very striking appearance from the columns of artificial stone used in the construction of the front of the building.

—Regina Standard.—Plans are now being prepared for the erection in Regina of a beautiful Catholic church on the corner of Victoria and Scarth streets. It will cost in the neighborhood of \$20,000, and will be commenced as soon as the plans are completed. Services of nuns as teachers in the separate school will be secured next year, and it is the intention of the Catholic church authorities to build a convent and boarding school for girls from out of the city.

—One of the most successful parties given in Edmonton in many a day took place in Sandison's Hall last evening under the auspices of the Edmonton Hive, Ladies of the Maccabees. The evening's entertainment was opened by music, singing and reciting, those taking part being Miss Mable Mahaffey, Mrs. Iverson, Mrs. Franklin, Mr. McLeod, M. Dyer and M. Johnson, besides some clever singing by little Clara and Gertrude Lindsey, Marjorie Poucher and Frances Deyl. Dancing occupied the remainder of the time until after the midnight hour. An excellent lunch was served of coffee, sandwiches and cake. A hearty vote of thanks was tendered by L. O. L. M. to Mr. McLeod who furnished the violin music "all for the good of the order".

## PERSONALS

J. B. Church, general manager of the Coaley church organ and piano factory of Mador, Ontario, arrived in Edmonton Monday evening. He is in the course of a three months business trip through western Canada.

## PIONEERS OF CIVILIZATION.

Quite a party of people arrived in the city yesterday from the far north. Among them were G. S. Wilgress and Miss Wilgress from Hay river; the Ven. Archdeacon McDonald L. L. D., his wife and family from Fort Mc-

Pherson; Mr. Bennett, engineer on the H. Bay steamer Wigley, and Mr. Bray, trader for Folk and Swiggart at Fort Providence.

Mr. Wilgress is a lawyer of Huntsville, Ontario who went into the north country a year ago with the Rev. T. J. Marsh who is in charge of the Hay river mission, for a months holidays. He went to visit his sister Miss Wilgress a missionary at Hay River, assistant to the Rev. T. J. Marsh who is also principal of the Hay Lake school. Mr. Wilgress thoroughly enjoyed his year in the far north. He is a cousin of N. D. Beck of this city.

Ven. Archdeacon McDonald who has been in charge of the mission at Peel river has been stationed there for over thirty years and he is now an old man. With his wife and family of six he left for Winnipeg this morning. While engaged on his missionary duties in the north he translated parts of the bible into Lancheux, the language of the Indians at Peel river.

Fred Camell has been in charge of the Hudson Bay trading post at Fort Simpson at the junction of the McKenzie and Liard rivers. He and his wife started out from Fort Simpson and at Stony Creek his wife gave birth to a child and died two days afterwards. The child is living. The funeral of Mrs. Camell took place this afternoon from All Saints church to the Edmonton cemetery.
